## Truth-In-Savings Disclosure

(APY accurate as of 02/01/2019; the last dividend declaration rate)

\*APY = Annual Percentage Yield

- Personal accounts only. Penalty for early withdrawal. No public funds or brokered certificates required.
- There is a \$300 daily minimum balance required to obtain the disclosed APY as disclosed in the "Appendix to Disclosure" for share accounts (excluding money market accounts).
- The Dividend Rate and APY may change at any time at the discretion of the First Class Community Credit Union Board of Directors.
- Nature of Dividends: Dividends are paid from current income and available earnings, after required transfers to reserves at the end of a dividend period
- Time Saver Certificates may be purchased in \$100.00 increments for members who are 16 years of age or younger.
- Penalty may be imposed with early withdrawal.
- Members are allowed to make up to four withdrawals per month from money market accounts at no charge. For the fifth and all subsequent withdrawals in a one month period, there is a \$10.00 fee per withdrawal.

## IRA/Share Certificate Account Disclosures

*Except as specifically described, the following disclosures apply to all of the accounts. All accounts described in this Truth-in-Savings*

1. **Rate Information** - The annual percentage yield is a percentage rate that reflects the total amount of dividends to be paid on an account based on the dividend rate and frequency of compounding for an annual period. For all accounts, the dividend rate and annual percentage yield are fixed and will be in effect for the initial term of the account. For accounts subject to dividend compounding, the annual percentage yield is based on an assumption that dividends will remain on deposit until maturity. A withdrawal of dividends will reduce earnings.
2. **Dividend Period** - For each account, the dividend period is the account term. The dividend period begins on the first day of the term and ends on the maturity date.
3. **Dividend Compounding and Crediting** - The compounding and crediting frequency of dividends are stated in the Rate Schedule.
4. **Balance Information** - To open any account, you must deposit or already have on deposit the minimum required share(s) in a Platinum Shares Account. Some accounts may have additional minimum opening deposit requirements. The minimum balance requirements applicable to each account are set forth in the Rate Schedule. For all accounts, dividends are calculated by the average daily balance in the account for the dividend period. The average daily balance is calculated by adding the principal in the account for each day of the period and dividing that figure by the number of days in the period.
5. **Accrual of Dividends** - For all accounts, dividend will begin to accrue on noncash deposits (i.e., checks) on the business day you make the deposit to your account.
6. **Transaction Limitations** - For all accounts, your ability to make deposits to your account and any limitations on such transactions are stated in the Rate Schedule. After your account is opened, you may make withdrawals subject to the early withdrawal penalties stated below and your account will be closed. Partial withdrawals are not allowed.
7. **Maturity** - Your account will mature as stated on this Truth-in-Savings Disclosure or on your Account Receipt or Renewal Notice.

## Truth-In-Savings Disclosure

(APY accurate as of 02/01/2019; the last dividend declaration rate)

8. **Early Withdrawal Penalty** - We may impose a penalty if you withdraw funds from your account before the maturity date.
- a) *Amount of Penalty* - For all accounts, the amount of the early withdrawal penalty for your account is 180 day's dividends.
  - b) *How the Penalty Works* - The penalty is calculated as a forfeiture of part of the dividends that have been or would be earned on the account. It applies whether or not the dividends have been earned. In other words, if the account has not yet earned enough dividends or if the dividends have already been paid, the penalty will be deducted from the principal.
  - c) *Exceptions to Early Withdrawal Penalties* - At our option, we may pay the account before maturity without imposing an early withdrawal penalty under the following circumstances: (i) When an account owner dies or is determined legally incompetent by a court or other body of competent jurisdiction; (ii) Where the account is an Individual Retirement Account (IRA) and any portion is paid within seven days after the establishment of the account; or where the account is a Keogh Plan (Keogh), provided that the depositor forfeits an amount at least equal to the simple dividends earned in the amount withdrawn; or where the account is an IRA or Keogh and the owner attains age 59 1/2 or becomes disabled.
9. **Renewal Policy** - The renewal policy for your accounts is stated in the Rate Schedule. For accounts that automatically renew for another term, you have a grace period of 30 days after maturity in which to withdraw funds in the account without being charged an early withdrawal penalty.
10. **Nontransferable/Nonnegotiable** - Your account is nontransferable and nonnegotiable.
11. **Membership** - As a condition of membership, you must purchase and maintain the minimum required share(s) as set forth below:
- Per value of one share: \$25.00
  - Number of shares required: 1

The rates and fees appearing with this Schedule are accurate as of the effective date indicated on this Truth-in-Savings Disclosure. If you have any questions or require current rate and fee information on your accounts, please contact the credit union.
